

A WINNING PARTNERSHIP FOR THE BUSINESSES COMMUNITY

Rowing provides maximum exposure. The team regularly competes in 19 regattas annually that collectively draw more than 100,000 competitors and spectators. The sponsors' banner is displayed at every event, putting your company before a very large audience.

You align with a winning team. Our team has won gold and silver at the Scholastic Rowing Association of America Nationals, Stotesbury (the nation's largest high school regatta) and Garden States. Our boys quad was ranked 5th fastest in the nation at the US Rowing Youth Nationals and we regularly qualify for the prestigious Head of the Charles.

You help build a stronger community. Rowing is recognized for instilling the values of teamwork, perseverance and leadership. These are especially important qualities for young adults, values that will serve them and their community well.

To provide an affordable rowing program for Haddon Township youth, we need the support of the business community. The team is completely self-funded. We receive no tax dollars and no school funding. Dues cover about half our operating expenses. Please come onboard and help us keep rowing.

Haddon Township Rowers and coaching staff at the team's bay at the Camden Boathouse.
